

You've heard of the Buddy Walk® on Washington Advocacy Conference, but in 2020 we are bringing you the first Buddy Walk® to End #LawSyndrome — **Coming to a district near you!**

## What IS the Buddy Walk® to End #LawSyndrome?

This event does not include a walk or festival-like activities that may occur at your local Buddy Walk® and it is not a “hill-day”, like the Buddy Walk® on Washington. It is a local, in-district grassroots strategy effort during election years coordinated by our advocacy and policy team at the National Down Syndrome Society (NDSS).

The 2020 Buddy Walk® to End #LawSyndrome will take place throughout 2020. Topics of the district meetings will include NDSS Legislative Priorities. These will be announced during the webinars in 2020.

NDSS plans for hundreds of district meetings with Members of Congress during the 2020 election year. Most meetings will occur in the Summer and early Fall of 2020.

Training webinars will be held in February of 2020 to help participants prepare for meetings - webinars will be recorded if neither of these dates works with participants' schedule. NDSS will arrange congressional meetings.

It is so important that we take our fight to local districts during this coming election year. As a community, it is vital that we show up on the ground!

**Registration closes February 1, 2020!**
